University of London

## Study English and Drama at Queen Mary University of London

Join our School of English and Drama as a Study Abroad student for innovative suite programmes that help you explore London.

Discover more about our School of English and Drama's Thematic programmes

## Study the period and the work of William Shakespeare in the city where he made his name.

Walk the city and learn about its history as a space of literary and artistic encounters, while engaging with its representation on the page, on stage, and in museum and gallery spaces.

Immerse yourself in performance and art history in London, a global capital of performance culture, where theatre, carnival, art, intervention and protest are central to understanding the vital scene of historical and contemporary London life.

Drama at Queen Mary has changed my perspective of what performance can be and the impact it has in a wider context.

**Emma Howes,**  
Film Studies and Drama graduate

You have one of the greatest cities in the world on your doorstep and my friends and I made sure to take great advantage of it. London was our very own playground and that's the way it should be.

**Maximillion Chapman,**  
English graduate
